

Editor's Note

Due to the war activities in Yugoslavia, the Serbian Chemical Society starting with Vol 64, No. 5–6 will print the Journal of the Serbian Chemical Society in the reduced number of copies which will correspond exactly to the number of paid subscriptions for 1999 and those necessary for the existing Exchange Program. For the benefit of all interested in the Contents and Articles appearing in the Journal the complete text of the forthcoming issues will be available in the electronic form at the Web site of the Serbian Chemical Society: <http://www.shd.org.yu> (<http://www.shd.org.yu/htdocs/shd/JSCS-contents.htm>). Besides the previously available possibilities of reading the Contents and Abstracts of the articles appearing in the Journal, the complete text of each issue, or a particular article could be downloaded in the Adobe Acrobat version (pdf format). To make downloading easier and faster the files are in the zip format.
