

CONTENTS

Organic Chemistry and Biochemistry

- K. P. Elango*: The effect of solvent on the kinetics of the oxidation of 3-methyl-2,6-diphenyl-piperidin-4-one by quinolinium fluorochromate in aqueous organic media 359
- H. R. Maradiya* and *V. S. Patel*: Dyeing of hydrophobic fabrics with disperse dyes..... 367
- D. Jakovljević, M. M. Vrvic, M. Radulović* and *M. Hranisavljević-Jakovljević*: Fine structural analysis of the fungal polysaccharide pullulan elaborated by *Aureobasidium pullulans*, CHL-1 strain 377

Physical Chemistry

- M. Dojčinović, M. Mitrović, M. Martić, V. Vučelić* and *D. Vučelić* : Sorption characteristics of paper produced from sepiolite 385
- G. S. Nikolić, M. D. Cakić* and *Lj. A. Ilić*: Specific refractive index increments of inulin (Short communication) 397
- G. K. Stratouras*: On the adsorbed mass of polymers on surfaces (Note) 403

Materials

- A. Golubović, S. Nikolić, S. Djurić* and *A. Valčić*: The growth of sapphire single crystals 411

Analytical Chemistry

- M. M. Ševaljević, S. V. Mentus* and *N. J. Marjanović*: A new technique of arsenic determination based on electrolytic arsine generation and atomic absorption spectroscopy..... 419
