

CONTENTS

Organic Chemistry

- D. T. Veličković, N. V. Randjelović, M. S. Ristić, A. A. Šmelcerović and A. S. Veličković*: Chemical composition and antimicrobial action of the ethanol extracts of *Salvia pratensis* L., *Salvia glutinosa* L. and *Salvia aethiopsis* L. (Short communication) 639

Physical Chemistry

- E. A. Castro, I. Gutman D. Marino and P. Peruzzo*: Upgrading the Wiener Index 647
S. Guoxin, C. Yu, J. Runtian, X. Rongqi and S. Sixiu: Extraction of Tb(III) with *N,N,N',N'*- tetrabutylmalonamide 653

Analytical Chemistry

- S. S. Mitić and V. V. Živanović*: A kinetic method for the determination of phenol 661
Z. Moldovan and E. A. Neagu: Spectrophotometric determination of trace iron(III) in natural water after its preconcentration with a chelating resin 669

Inorganic Chemistry

- G. Vučković, M. Antonijević and D. Poletić*: Cu(II) complexes with a pendant octaazamacrocyclic and μ -bonded aromatic carboxylates 677

Electrochemistry

- C. T. Wang, S. H. Chen, H. Y. Ma and N. X. Wang*: Study of the stability of self-assembled *N*-vinylcarbazole monolayers to protect copper against corrosion 685

Materials

- S. M. Tomović-Petrović, S. V. Marković and S. Zec*: The effect of boron on the amount and type of carbides in chromium white irons 697
