Organic Chemistry

- H. R. Maradiya*: Monoazo disperse dyes based on 2-amino-1,3,4-thiadiazole derivatives..... 709
V. H. Patel, M. P. Patel and R. G. Patel: Disperse dyes based on 2-methyl-3-[3'-amino-phthalimido]-4(3H)-quinazolinone..... 719
V. J. Patel, M. P. Patel and R. G. Patel: Synthesis and application of novel heterocyclic dyes based on 11-amino-13H-acenaphtho[1,2-e]pyridazino[3,2-b]-quinazoline-13-one 727

Inorganic Chemistry

- Lj. Čučković, I. M. Hodžić and S. R. Niketić*: Computational study of the chromatographic enantioseparation of tris(acetylacetonato)cobalt(III) complexes on an arginine complex of cobalt(III) acting as a chiral selector..... 735

Physical Chemistry

- A. Onjia, T. Vasiljević, Dj. Čokeša and M. Laušević*: Factorial design in isocratic high-performance liquid chromatography of phenolic compounds..... 745
L. Filipović-Petrović, Lj. Kostić-Gvozdrenović and S. Erić-Antonić: The effects of fine grinding on the physicochemical properties and thermal behavior of bentonite clay..... 753
A. R. Perić-Grujić, O. M. Nešković, M. V. Veljković, M. D. Laušević and Z. Laužević: TPD-MS study of glassy carbon surfaces oxidized by CO₂ and O₂..... 761

Electrochemistry

- K. I. Popov, N. D. Nikolić and Z. Rakočević*: The estimation of solid copper surface tension in copper sulfate solutions 769
D. M. Dražić and J. P. Popić: Dissolution of chromium in sulfuric acid (Preliminary communication) 777

Analytical Chemistry

- S. S. Mitić, G. Ž. Miletić, A. N. Petrović and S. B. Tošić*: Kinetic determination of lysine in pharmaceutical sample 783
